www.kaleigh.sutula.com

Passionate self-taught front end developer with a desire to create applications that provide stellar UX using efficient coding practices. Utilizes out-of-the-box thinking and collaboration to problem solve and deliver a product that exceeds expectations. Looking to secure a position with a company that will allow my tech career to flourish and will allow me to become a valuable team member.

EXPERIENCE

CHOIR DIRECTOR

DEER PARK ISD / HUMBLE ISD | 2018-2022

- Provided student and teacher support with Apple and Windows products
- Designed programs, t-shirts, tickets, and other graphic elements for the choral program using Microsoft Word, Adobe Photoshop, and Illustrator.
- Recorded and edited asynchronous lessons to accommodate digital learning, as well as managed and hosted Teams meetings for instructional purposes

IT SUPPORT SPECIALIST

SCHLITTERBAHN GALVESTON ISLAND | 2007-2016

- Assisted with the completion of help desk tickets, troubleshoot and resolved desktop issues and external issues
- Maintained, updated, and managed inventory and software for 100+ registers and computers
- Performed troubleshooting and repaired peripheral devices such as receipt printers, scanners and id printers.
- Completed routine and complex software installations, assisting users of various levels of computer sophistication in operation of new and existing software.

PROJECTS

PORTFOLIO | www.kaleighsutula.com

- Created with HTML, CSS, jQuery and Tailwind and hosted with Microsoft Azure CI/CD pipeline to showcase my skills and projects.
- Designed with Figma, with a color palette inspired by the harvest moon/night time.
- Features an interactive side navigation, mobile-first responsive layout, and contact form powered by Azure functions.

THE COMPOSER CRAWLER | www.composercrawler.com

- Created with HTML, CSS, JavaScript, React, Supabase and structured with the Wiki API
- Designed as a tool for music students to quickly access essential information about popular composers
- Base data of 2022's most viewed composers scraped from the Wiki API, then expanded and uploaded to Supabase to power the search engine.
